

CONSTRUCTING EXCELLENCE

Liverpool Club

Membership Benefits

“The essence of Best Practice is communication and sharing experience for mutual benefit”

The Liverpool Constructing Excellence Club is a networking group which brings people from Liverpool's property and construction industry together so that they can learn, share knowledge and identify opportunities to collaborate and work together.

Our aim is to encourage continuous improvement and innovation within the sector so that we can all achieve a culture of best practice and excellence within our organisations and the construction industry.

MEMBER BENEFITS

BUSINESS DEVELOPMENT AND NETWORKING

- Opportunities to network and look for commercial gain by meeting other like-minded construction professionals in the region.
- To form strategic links and work with the other official organisations that are involved in Liverpool including the development corporations and the regeneration agencies.
- To obtain information on 'movers and shakers' deliverers and their requirements.

PERSONAL DEVELOPMENT

- Arena to learn more about Best Practice and innovation in construction.
- Access to essential practice updates (i.e. legislation change) and regional 'hot topics'
- By receiving regular information on new products and services available from Constructing Excellence and Liverpool Constructing Excellence members and partners.
- Access to Constructing Excellence regional meetings and visits to demonstration projects.
- Construction CPD Certification of attendance. (One meeting is accredited as one hour's training).

EDUCATIONAL EVENTS

- Meeting place for all construction related clients and business to discuss, share and learn.
- It is the 'Hub' for information for the Liverpool area activities with a special emphasis on delivery and construction rather than strategic planning.
- Information regarding progress on construction/legacy and the regeneration programmes including the requirements and opportunities.
